

VERONA LEGEND CARS BEAUTIFUL, SPORTY AND DYNAMIC. THE THRILLS OF CLASSIC CARS

On 11th and 12th May 2019, Verona Legend Cars is to end the spring season of car exhibitions on a high. An overview of over 1,000 historic cars opens up for visitors to behold: the big market dealers; unique spare parts; Clubs and Historic Registers; specialist clothing inspired by a passion for engines. And, what's more, live rallies held directly in the exhibition district. All this constitutes Verona Legend Cars: the car exhibition that embraces the love of cars in all its aspects.

VERONA, 27th February 2019 - Verona plays host to **a complete overview** of motoring history, from the first models to those that went on to become symbols for entire generations, ranging from luxury models to sports cars, with growing interest in youngtimers.

This is what Verona Legend Cars is all about: **a dynamic exhibition** where the lengthy history of motoring is explained across multiple halls and huge outdoor spaces. Spaces that are animated with **Club and Register** rallies, during which collectors get the chance to enter **the exhibition directly behind the wheel of their cars**, celebrating milestones such as the 50th anniversary of the Fiat 128 and Ford Capri.

It is an event that brings together **several souls from the Classic car world and over 1,000 historic cars**: the great players of the market, including Ruote da Sogno, Silvauto and the dealer OM Automobile from Munich; specialist restorers of makes or individual models, such as Mercedes and Porsche; original spare parts for major Italian and foreign makes, the likes of Alfa Romeo, Fiat, Lancia, Porsche and Citroën.

Plenty of room for small and large **works of art** connected to the world of travel: models, automobilia, period cups and **workshop relics** that have been reinterpreted as items of interior décor. Linked to the evergreen charm of cars is specialist clothing too: FH Grandprix Originals presents its icons, such as Steve McQueen, Le Mans, GULF and HEUER, while a top-quality craftsman makes hand-made bespoke footwear for men.

So the Verona Trade Fair will bring together all the elements that make up the **passion for heritage**. A variegated universe joined together by a **single common denominator**: the love of cars and its great history.
